

# Technical Data Sheet

## Product: AA123CN

THE EDGE  
ON SAFETY

### DESCRIPTION

Natural Satin Anodised Aluminium Long Front Square Single Carpet Stairnosing Profile. AA123CN is the curvable alternative to the AA123 straight profile. Profiles come pre-drilled and contoured.

### PURPOSE

This stair nosing product has been designed with a built in packers and lip on the back edge to simplify installation with direct stick carpets. This profile is contoured to allow ease of installation when curved. Nosing can be used for interior and exterior uses.

### MATERIAL

T6 6063 Alloy aluminium - Natural Satin anodised

Standard 2.5 Metre Lengths.

Supplied pre drilled for countersunk screw fixing (screws supplied).

### DIMENSIONS

For PDF and CAD drawings with full dimensions please refer to our website.

### EXAMPLE

In this example, AA123 has been installed on top of carpet tile, complying to the minimum radius of 500mm. The profile is contoured to allow easy installation on site. This installation has used slip resistant Tredsafe PVC Diamondtred insert for safety, which meets standards of AS/NZ 4586 for wet and dry resistance. The insert is a PVC blend with silica quartz and polymeric plasticiser. The safety blue insert allows for contrast against the carpet.

Release: November 2018

Information given in this data sheet is based on the current state of knowledge. This does not exempt the purchaser from carrying out his own careful inspections of incoming goods and their suitability for local building codes. We reserve the right to make changes to the product data in the course of technical progress or due to operationally related further development. Owing to factors beyond our control during application, recommendations given in this data sheet require tests and experiments by the customer. Our recommendations do not exempt the customer from the obligation to check any infringements of third-party rights himself and eliminate them if necessary. The suggestions for product use are not equivalent to a warranty of its suitability for the recommended purpose.

Each new release of this data sheet supersedes the previous one.
