

# Technical Data Sheet

## Product: DT033

THE EDGE  
ON SAFETY

### DESCRIPTION

Floor finishing strip designed for transition between carpet and vinyl heights. This profile has a 3mm floor covering to carpet transition. Suitable for interior or exterior use, available in natural satin finish. This profile provides a tidy and hazard free transition between vinyl and carpet.

### MATERIAL

T6 6063 Alloy aluminium - Natural Satin anodised.

Standard 2.5 Meter Lengths.

### DIMENSIONS

### EXAMPLE

For this installation, DT033 has been used with 4mm LVT and 5mm carpet. This creates a seamless transition between different floor coverings.

Release: January 2019

Information given in this data sheet is based on the current state of knowledge. This does not exempt the purchaser from carrying out his own careful inspections of incoming goods and their suitability for local building codes. We reserve the right to make changes to the product data in the course of technical progress or due to operationally related further development. Owing to factors beyond our control during application, recommendations given in this data sheet require tests and experiments by the customer. Our recommendations do not exempt the customer from the obligation to check any infringements of third-party rights himself and eliminate them if necessary. The suggestions for product use are not equivalent to a warranty of its suitability for the recommended purpose.

Each new release of this data sheet supersedes the previous one.
